

THE LAWNS

From being in a home,
to feeling at home.

FAMILY-RUN
SINCE

1981

WELCOME

A warm welcome to The Lawns

We provide round-the-clock residential and nursing care, with Registered Nurses on duty 24 hours a day to support a wide range of physical, neurological and complex care needs. Our focus is simple: to deliver high-quality, professional care in a genuinely homely environment, meeting — and wherever possible exceeding — the essential standards of safety, dignity and wellbeing.

The Lawns is a true family-run home that has been led by an experienced mother and daughter team, both experienced nurses with a lifelong commitment to compassionate, person-centred care. Pat Carrier founded The Lawns in 1981, and Anna Carrier has been our Registered Manager since 2000.

The Lawns offers a warm, lively and genuinely homely environment where people feel known, valued and supported.

OUR CARE

Care that feels personal

Our priority is simple: to provide exceptional, professional care while helping people live in a relaxed, natural way that feels like their life, not a service. Every person who lives with us is supported to feel comfortable, confident and fully themselves.

We care for people with a wide range of needs — including physical disabilities, learning disabilities, neurological conditions and complex health requirements. Our clients range in age from 18 to over 100, and every care plan is tailored to the individual.

WHAT WE OFFER — AT A GLANCE

- Residential and nursing care
- Registered Nurses on duty 24 hours a day
- Permanent and respite stays
- Support with physical, neurological and complex health needs
- Personalised care plans for adults of any age

Exceptional care begins with exceptional people

At The Lawns, exceptional care begins with exceptional people. We're proud to be a family-run care home where kindness, teamwork and genuine appreciation shape everyday life. When our staff feel supported, encouraged and able to grow, our clients feel the difference.

That's why we invest heavily in ongoing training and clear career pathways. Every team member has access to structured development from their first day, with mentorship, ambassador opportunities and leadership progression built into our culture.

We also support our staff with wellbeing resources, predictable shift patterns and meaningful recognition, from monthly shout-outs to milestone celebrations. It's all part of our belief that:

“ Looking after our team is how we look after everyone who calls The Lawns home.”

Life shaped by the people who live here

Our activities programme is built entirely around the interests, abilities and wishes of the people who call The Lawns home.

From arts and crafts and gardening to music, gentle exercise and trips into the local community, there's always something meaningful to look forward to. Not every activity needs to be big — many of the most meaningful moments come from simple, familiar pleasures shared with people you like.

A TYPICAL WEEK

Monday	Entertainment or outings
Tuesday	Armchair yoga
Wednesday	Sensory day — hand massage and calming activities
Thursday	Variety day — bingo, quizzes and crafts
Friday	Creative — woodwork and art on alternate weeks
Weekends	Kept free for family time

Time to celebrate — and a voice that's heard

Time to celebrate

Life at The Lawns is full of moments worth marking, from personal milestones to seasonal and community celebrations. We love any excuse to bring people together.

- Birthdays and personal milestones
- Themed tea parties and afternoon events
- Seasonal and national celebrations throughout the year

Your voice matters

We believe people should shape the place they live in. Clients are involved in regular meetings and decision-making, staff recruitment and induction, and sharing feedback on how we run the home — keeping The Lawns grounded in real experience, not assumptions.

OUR HOME & GROUNDS

A historic home with room to breathe

The Lawns is a beautiful 1770s family house set in half an acre of landscaped gardens on the outskirts of Gloucester. It's peaceful, welcoming and full of character, with easy access to public transport and just a short walk from the Severn Vale shopping centre and library.

Comfort, dignity and calm, when it matters most

When the time comes, we believe people deserve to be cared for in a place they know, by people who know them. We provide compassionate, person-centred palliative care, focusing on comfort, dignity and emotional support — for our residents and for the families who love them.

Families are welcome to speak with our team at any time, and care plans are reviewed regularly and updated as needs change, so wishes are understood and respected.

The people who make The Lawns home

Many of our staff have been with The Lawns for many years, and some have devoted decades to our home. Their experience, familiarity and continuity mean residents are supported by people who truly know them — their routines, their preferences and the small details that make a big difference.

The team is led by Anna Carrier, Registered Manager & Director of The Lawns. With more than three decades of nursing experience, Anna manages the day-to-day running of the home and has helped The Lawns achieve Platinum Hallmark Status, the highest level of Gold Standards Framework accreditation for end-of-life care.

What families say

“

We cannot praise The Lawns enough! It is such a relief to our family to know that Mum, Nan & Great Nan is so well looked after in her final years.

— Sandra, Daughter

“

The Lawns provides the best care for my husband and the staff are so dedicated and helpful.

— Andrea, Wife

“

Staff are always happy and this shows that they are well led by the management. Like one big family, everyone is lovely.

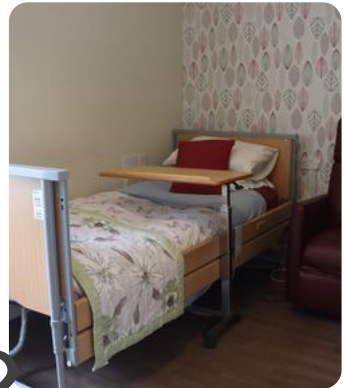

— Debbie, Sister

Fees, funding and next steps

Choosing a care home is a big decision, and we want families to feel fully informed and supported from the very beginning. We provide both permanent and respite care, and our weekly fees are personalised because every client's needs, preferences and living arrangements are unique.

Our fees take into account

- Individual care needs, including nursing input and specialist requirements
- Room choice — rooms vary in size, outlook and features
- Additional support or services, such as enhanced one-to-one time

Rooms can be personalised with your own photos and furniture

We're also able to support some clients who receive **NHS Continuing Healthcare (CHC)** funding.

Let's talk it through
